Analytics Reports • 3D Interactive Rooms • Virtual Seminars and Meetings

DigitalEventPro™

Our New Virtual Event Platform

VIRTUAL EXHIBIT
SOLUTIONS
EMBRACE THE FUTURE

DYNAMIC & STATIC BRANDING • NAVIGATE WITH 1 CLICK FROM AREA TO AREA

What we do:

Our virtual event platforms are designed and customized to drive engagement and increase your ROI. Our cloud hosted platform is fully scalable to support any size audience. Your virtual platform would be constructed to meet your specific marketing needs. From auditorium and keynote speaker events to multiple rooms and areas for full interaction with your client and prospects. You can expand the experience by adding networking lounges, on-demand video resource rooms, collateral rooms, E-learning and gaming rooms.

Our product features:

Branded Event Portal Options

- Customize portals with your branding, colors, content and imagery

Pre-Event Forms and Reports

- Log-in registration forms • Static splash page for pre-event registration
- Report logs (registered customers and/or prospects)

Interactive Customer Experience

- 3-D walk through (lobby and reception area) • Interactive hotspots
- Interface with products and content • On-demand presentations

Seamless Turn-key Product

- Stress free implementation of your environment
- Expert event managers walk you through the entire process:
 - Design - Production - Testing - Live Events - Hosting - Questions, etc...

Global Reach

Our portals are not limited to only The USA.

We offer the opportunity for global reach throughout the world.

- Cloud based services provide customer interaction anytime around the globe.

Post Event Reporting and Analytics

- Post show history and reports (chats, registrations, meeting schedules)
- Standard and premium analytics packages (attendance engagement and geolocation insights, customer preferences and behaviors throughout platform)
